AIR MAIL FOR EUROPE AND AFRICA:—Letters are forwarded by air to New York City to connect with the trans-Atlantic steamers, affording a 9 to 12-day service to the United Kingdom and the Continent, depending upon the speed of the vessel by which forwarded.

The subjoined list shows the routes from London to the Continent which are now available for the dispatch of letters intended for dispatch by the above-mentioned air mail service.

Letters should be marked in the upper left-hand corner of the envelopes or covers, "**Par Avion** (by air mail) from London or Cherbourg."

AIR MAIL FOR AUSTRALASIA, ETC:—Letters for Australasia, China, Japan, etc. are forwarded by air to U.S. Pacific exchange post office for transmission by steamer to destination.

Special attention is directed to the fact that the unit of weight for Air Mail letters is the half ounce and not the ounce as for steamer mail.

Letters intended for transmission by air must be fully prepaid to the extent of the air fee. Thus: a letter weighing $1\frac{1}{2}$ oz. addressed to the United States, for which the correct postage is $1/11\frac{1}{2}$ ($=1/7\frac{1}{2}$ air fee, plus 4d. regular postage), if prepaid $1/7\frac{1}{2}$ would be surcharged 8d. or 16 cents and be forwarded by air mail, but if prepaid less than $1/7\frac{1}{2}$ it would not be forwarded by air but by steamer.
