These fees include the ordinary registration feed of 2d. The highest amount of compensation obtainable for any one packet is £100.

II. COMPENSATION FOR LOSS.

- 1. The Postmaster for Jamaica is not legally liable for any loss or inconvenience which may arise from the loss, damage, delay, non-delivery, or mis-delivery of anything sent by post, and he does not, in any circumstances, pay compensation in respect of unregistered letters, post cards, printed matter, packets, newspapers or local parcels. But subject to the rules stated below, he pays compensation voluntarily and as an act of grace in those cases and in those cases only in which there has been a total loss of the contents of correspondence of the following descriptions not being loss due to breakage or damage.
- 2. No compensation is given in respect of correspondence compulsorily registered.
  3. Compensation in respect of money of any kind (coin, notes, orders, cheques, stamps, &c.) will only be given in those cases in which the money is enclosed in one of the registered letter envelopes sold by the Post Office and the packet is tendered for transmission by registered letter post. The compensation given in respect of coin, which should be packed in such a way that it cannot move about, will in no case exceed £2.

4. It must appear that the loss occurred in the post, and did not arise wholly or in part

by the fault of the sender, as, for instance, from inadequate fastening.

5. The compensation given will not exceed the value of the article lost. The right is reserved of re-instating the contents of an envelope instead of giving pecuniary compensation.

<sup>\*</sup> Conditions governing registration of inland correspondence differ from those governing overseas correspondence. See page 40.

† For full definition of "money" and "jewellery," see page 11, par. 12.

6. In the case of loss of contents the envelope should be retained for inspection as nearly as possible in the state in which it was delivered. If complaint be made that the contents of an envelope has been abstracted the envelope must be produced.

7. In the case of bank notes, money and postal orders, cheques, bonds and similar

documents, particulars sufficient for their identification must be furnished.

S. No compensation for loss is given in respect of an envelope containing anything not legally transmissible by post, or an envelope not posted in the manner prescribed; or in respect of glass, crockery, greases, liquids or semi liquids, colouring, powders, eggs, fish, meat, fruit or vegetables, sent by letter post.

9. No compensation is given for injury or damage consequential upon—i.e., indirectly

arising from-the loss of anything sent by post.

10. Without prejudice to any of the preceding rules, the Postmaster for Jamaica, will if he thinks fit, refuse to give compensation for loss on any ground on which a common carrier might in like case claim exemption from legal liabilities.

11. The final decision upon all questions of compensation rests with the Postmaster

12. In these rules the term "money" means -(a) coin, and (b) paper money. The term "coin" means coins of all kinds whether or not current in Jamaica or elsewhere. ### OVERSEA MAILS.

### MEANS OF COMMUNICATION.\*

I. Great Britain—Letter mail † to and from the United Kingdom is conveyed by every available opportunity via the United States, and by the Elders and Fyffes and Jamaica Direct Line of steamers, via Liverpool, Bristol, or Plymouth. The Department endeavours to forward letter mail for the United Kingdom by the most expeditious route in each case. Parcel post mail is conveyed only by the direct steamers.

II. United States of America—Mails (both letter and parcel) to and from the United States of America are conveyed by the steamers of the United Fruit Co.

and Colombian Line.

III. Canada—Letter mail to and from the Dominion of Canada is sent and received by each U.S. mail. Parcel post mail is, however, conveyed only in direct bottom by the steamers of the Canadian National Steamships trading between Montreal and Halifax and Jamaica about once every week, the Pickford and Black Line trading between Halifax, N.S. and Jamaica, and United Fruit Company trading between St. John and Jamaica.

IV. Central America—Mail communication with these countries (except East Coast of Nicaragua and Venezuela) is maintained by the steamers of the United Fruit Co., Colombian Line, and Canadian National Steamships, via Cristobal, Barranquilla, Limon, Belize, Barrios, etc., and Standard Fruit and Steamship Co., via La Ceiba. For further

information regarding parcel-post mail for these places, see page 42.

V. West India Islands and British Guiana—Letter mail to and from the West India Islands is exchanged by way of Trinidad and Barbados (fortnightly by Aluminum Line steamers) and also by way of Cristobal. Parcel-post mail is exchanged by the Aluminum Line steamers (see page 49). The Colombian Line maintains a weekly service with Haiti. (There is no direct parcel-post exchange with Haiti.)

The Canadian National Steamships maintain a direct service between Jamaica, Ber-

muda, and the Bahamas.

VI. CAYMAN ISLANDS—A twice-a-month service is maintained by R.M.S. "Cimboco" and an irregular service by schooners.

\* See also Appendix A pages 89-91.

<sup>†</sup>The term "letter mail" refers to letters and post cards, and packages of printed and commercial papers, samples and "small packets."

VII. Turks Islands—A monthly mail service is maintained by the M.S. "May-

flower." Letter mail is also exchanged via New York.

VIII. CUBA—Mails are conveyed weekly by United Fruit Co's Steamers via Habana. (The Cuban Post Office forwards only letters mailed in Habana by the weekly steamers. Mail posted in other places is only forwarded via Santiago by occasional opportunity. Full mails for Cuba are forwarded from Jamaica by the weekly and any other opportunity.) There is no direct parcel-post exchange with Cuba.

CLASSIFICATION OF MAIL.

Foreign Correspondence is divided into the following classes:-

(a) Letters, (b) Post-cards, (c) Printed Papers. (d) Commercial Papers. (e) Samples "Small Packets," (g) Parcel-Post Parcels.

For the Rates of Postage on all Classes of mail matter limits of weight and size

etc., see page 52 and Table, pp. 54 to 63.

(a) Letters posted wholly unpaid or insufficiently prepaid are forwarded, but are charged on delivery with double the deficiency.

Unpaid and insufficiently prepaid letters from places abroad are charged double the deficient postage; the minimum surcharge is ad.

Letters must not contain any letter, or document which has the character of personal correspondence, addressed to persons other than the addressee or persons

living with him (Art. 33, par. 4 U.P.C.).

Letters and other mailable articles, except parcels, may be redirected to the same addressee from any Postal Union country to another free of charge. This does not, however, exempt from additional postage, correspondence which, though fully prepaid for the first transmission, is redirected to a country to which the postage is higher than that originally paid. For example—a letter not weighing over an ounce sent from Jamaica to Great Britain prepaid 14d, which was afterwards redirected to Switzerland would become liable to an additional charge equal one penny, the difference between postage for Great Britain and postage for Switzerland. It is to be specially noted that in such cases the amount of the deficiency is not doubled. Letters originally posted unpaid, or insufficiently prepaid and subsequently redirected, though not chargeable for redirection, are subject to the ordinary charge of double the deficient postage on delivery.

Merchandise forwarded in letters or packages prepaid at the letter rate of postage.—Under a provision of the Cairo convention, articles liable to customs duties may be enclosed in letters or packages prepaid at the letter rate, in the event that the importation of such articles in the form of letters is permitted by the country of destination, and provided there is affixed to each such package or letter a green label (Form C 1), showing the nature and value of the contents. A Customs declaration properly completed

or an invoice may also be enclosed in the package.

The countries to which merchandise may be sent under the above system are indicated by the letter (b) (italicized) in Table pages 54 to 64. Merchandize must not be sent to

countries not so marked. See also Appendix B.

It is to be specially noted that dutiable articles may not be sent to Great Britain by letter mail, but they may be sent by "small packet" mail (subject to the general regulations governing this class of mail, see pp. 39-40); while in the case of Canada, dutiable articles may be sent by letter mail, but not in "small packets." Packets containing dutiable articles may be sent both as letters and "small packets" to the United States of America.

The administration of the country of destination is authorised to submit these packets to Customs examination, to open them officially, and to collect the import duties, in manner prescribed by its legislation. To countries not included in this arrangement, dutiable articles may be sent only by parcel post. Dutiable articles sent otherwise may be returned, subjected to fines, or confiscated, according to the laws of the country of destination.

Letters or packages paid at the letter rate of postage received from abroad, suspected to contain articles liable to customs duty, but not bearing the green label declaring nature and value of contents and authorizing the Post Office to open them officially, are detained under authority of the Jamaica Post Office Law, pending inquiry and the payment by the addressee of any duty leviable.\*

The limit of weight of such packets is 4 lbs. 6 oz.

<sup>\*</sup> Articles 39 and 40 of the Universal Postal Convention, Cairo, March 20, 1934, read as follows:- "Small packets and printed paper packets liable to customs duty are admitted. The same applies to letters and sample packets containing articles liable to customs duty. The Administration of the country of destination is authorized to submit to the Customs the correspondence mentioned [above] and, if necessary, to open it officially."

(b) Post Cards:—A postcard from a place abroad, if unpaid, is chargeable with a postage of 3d., if partially paid, with double the deficient postage, with a minimum surcharge of 3d.

Reply-paid postcards of which the two halves are not fully prepaid at the time of

posting are not forwarded.

The material for private eards to be used as post-cards must be cardboard of a make similar to, but not thinner than, that used for cards issued and sold by the Office for use as post-cards. They may not exceed  $5\frac{\pi}{8}$  inches in length by  $4\frac{\pi}{8}$  inches in width, or be less than 4 inches in length by  $2\frac{\pi}{8}$  inches in width.

Post-cards must bear on the face the heading "Carts Postale" or the equivalent of this heading in another language. This heading is, however, not obligatory for single

postcards of private manufacture.

An Official Inland single post-card (but not a reply-paid card) may be used for a des-

tination abroad if it bears a postage stamp for the additional postage required.

A post-card must be sent unenclosed, that is to say, without wrapper or envelope. The postage stamps should, as far as possible, be affixed to the upper right-hand corner of the address side. The address of the recipient as well as indications relating to the postal service (registered, advice of delivery, &c.) must likewise appear on the address side, of which the right-hand half at least is reserved for these indications. The sender may make use of the back and of the left-hand half of the address side, subject to the provisions of the following paragraph.

It is forbidden to join or attach to a post-card any sample of merchandise or similar article. Nevertheless, an illustration, a photograph, a stamp, an address label or slip to fold back for address purposes, a label or a cutting of any kind may be affixed, provided that it is not of such nature as to alter the character of the post-card, that it consists of paper or other very thin substance, and that it adheres completely to the card. With the exception of address labels or slips, these articles may be affixed only to the back or to the left-hand of the address side of post-cards. Stamps of all kinds liable to be mistaken for postage stamps may be affixed only to the back of the post-card.

Reply-paid post-cards must bear on the face, as heading on the first half, the words "Carte Postale arec reponse payee" on the second half "Carte postale response." Each of the two halves must, moreover, comply with the other conditions laid down for single post-cards; one half is doubled over the other so that the fold forms the upper

edge, and they may not be closed in any way.

The sender of a reply-paid post-card may indicate his name and address on the face of the reply half, either in writing or by affixing a label: this address must be on the inside. He may also print on the back of the reply half a questionnaire to be filled up by the addressee.

A reply half is available for transmission to the country of origin, and to that country alone, provided that it was in the first instance received attached to the other half. If these conditions are not complied with it is treated as an unpaid post-card. An ordinary international post-card of one country posted in another is treated as an unpaid post-card.

Cards bearing the title "Post Card," or its equivalent, are admitted at the rate for printed matter, provided that they conform to the general regulations respecting printed papers.

If any of the foregoing rules relating to a post-card be infringed, the card will be treated as a letter, unless it is eligible for transmission as a printed paper.

(c) (d) Printed Papers and Commercial Papers\*-

The undermentioned are considered as Printed Papers, and allowed to pass as such at the reduced postage:—Newspapers and periodical works, books, sewn or bound, pamphlets, sheets of music (excluding perforated sheets intended to be used with automatic musical instruments), visiting cards, address cards, proofs of printing with or without the relative manuscript, engravings, photographs, and albums containing photographs, pictures, drawings, plans, maps, catalogues, prospectuses, advertisements and notices of various kinds, printed, engraved, lithographed or mimeographed, and, in general, all impressions or copies obtained upon paper, parchment or cardboard, by means of printing, engraving, lithography, mimeography, or any other mechanical process easy to recognise except the copying-press, hand stamps, with or without movable type, and the typewriter. Paper patterns are also admitted as printed papers.

<sup>\*</sup>If there is any mixture of Commercial and other Papers in the same packet the whole is treated as Commercial Papers.

Reproductions of a manuscript or typewritten original, when they are obtained by a mechanical manifolding process (hectography, &c.) are treated as printed papers; but, in order to pass at the reduced postage, these reproductions must be brought to the counter of a Post Office to the number of at least twenty packages containing precisely identical copies. The manuscript additions authorised for Printed Papers may also be made to these reproductions. Such circulars are also accepted provisionally at Post Offices subject to their being found to be in order when examined at the Head Office to which they will be sent.

Printed papers which bear any marks whatever capable of constituting a conventional language or, save the exceptions specifically authorised below, those of which the test has been modified after printing, cannot be sent at the reduced rate applicable to

printed matter.

It is allowed outside or inside a Packet of Printed Papers:-

(a) to indicate by hand or by a mechanical process, the name, position, profession, style, and address of the sender and of the addressee, as well as the date of despatch, the signature, telephone number, telegraphic address and code, the postal cheque or banking account of the sender, as well as a serial or identity number referring solely to the article;

(b) to correct errors in printing:

(c) to strike out, to underline, or to enclose by marks, certain words or certain parts of a printed text, unless this is done with the object of constituting correspondence.

It is also allowed to indicate or to add by hand or by a mechanical process:-

 (a) in advices of the departures and arrivals of ships: the dates and times of departures and arrivals, as well as the names of the ships and the ports of departure, call and arrival;

(b) in travellers' advices: the name of the traveller, the date, time and place of his

intended visit and the address at which he is staying;

(c) in forms of order or subscription for publications, books, newspapers, engravings, pieces of music, the works required or offered, the price of these works, the method of payment, the edition and the names of the authors and publishers as well as the number of the catalogue and the words "paper covers," "stiff covers," or "bound;"

(d) on pictorial cards and printed visiting cards and also on Christmas and New Year cards: good wishes, congratulations, thanks, condolences, or other formulas of courtesy expressed in five words or by means of five conven-

tional initials at most;

(e) in proofs of printing: alterations and additions concerned with corrections, form and printing, and also notes such as "Passed for press." "Read—Passed for press," or any similar note concerned with the execution of the work. In case of want of space these additions may be made on separate sheets.

(f) in fashion plates, maps, &c : colours ;

(a) in price-lists, tenders for advertisements, stock and share lists, market quotations, trade circulars, and prospectuses: figures; any other notes represent-

ing essential elements of the price;

(h) on books, pamphlets, newspapers, photographs, engravings, sheets of music, and in general on all literary or artistic productions, printed, engraved, lithographed, or mimeographed: a dedication consisting simply of an expression of regard, and, on photographs, a very concise description;

(i) to cuttings from newspapers and periodicals: the title, date. number and address

of the publication from which the article is extracted.

It is, moreover, allowed to enclose:-

(a) with proofs of printing, whether corrected or not: "the copy";

(b) with articles of the categories mentioned under (h): the relative invoice.

A card bearing the heading "Post-card" or the equivalent of this inscription in any language is allowed to pass at the rate for printed matter, provided that it conforms to the general conditions set out above.

The undermentioned articles are excluded from transmission at the rate applicable to

printed papers :-

Postage Stamps, whether obliterated or not.

Blank paper, note paper or envelopes (with or without printed address), and all other articles of stationery pure and simple. Matrices, printed envelopes (except

<sup>†</sup>Carbon copies are not included in this category for oversea mails.

a single envelope intended for enclosure of a reply), letterheads, billheads, printed calendar pads, and similar articles, as well as diaries (books), check books, and the like, cannot be transmitted in bulk to places abroad as printed matter.

Commercial Papers comprise all papers and all documents, wholly or partly written or drawn, not having the character of an actual and personal correspondence, such as open letters and out-of-date post-cards which have already fulfilled their original purpose, papers of legal procedure, documents of all kinds drawn up by public functionaries, way bills or bills of lading, invoices, certain documents of insurance companies, copies of or extracts from deeds under private seal, written on stamped or unstamped paper, musical scores or sheets of music in manuscript, the manuscripts of works or of newspapers forwarded separately, pupils' exercises in original or with corrections, but without any note which does not relate directly to the execution of the work.

These documents may be accompanied by reference slips showing the following or similar particulars: list of the papers included in the packet, references to corres-

pondence exchanged between the sender and the addressee.

Under the regulations of the Postal Union articles of these categories must be fully prepaid. Insufficiently prepaid printed papers and commercial papers from places abroad will be chargeable on delivery with double the deficiency (minimum charge \( \frac{1}{2}d \)). Printed matter is not debarred from transmission at the Printed Paper rate on account of liability to Customs duty. Advertising matter is subject to customs duty on entry into certain countries, notably Australia, New Zealand, South Africa and Canada. In some cases books also are liable to duty.

(e) Samples: Under the regulations of the Postal Union, sample packets must be fully prepaid. Insufficiently prepaid sample packets from places abroad will be

chargeable on delivery with double the deficient postage (minimum charge &d.).

The use of the Sample Post is restricted to bona-fide trade samples or patterns of merchandise without saleable value. No packet containing goods for sale or consigned in execution of an order (however small the quantity) can be forwarded by the Sample Post. Transmission at the sample rate is also accorded to printers' blocks, keys sent singly, fresh cut flowers, articles of natural history (dried or preserved animals or plants, geological specimens, etc.) tubes of serum, and pathological objects rendered innocuous by their mode of preparation and packing. These articles, except tubes of serum sent in the general interest by laboratories or institutions officially recognized, may not be sent for a commercial purpose.

It is recommended that every sample should be indelibly marked "Sample—not for sale," or otherwise defaced in such a way as to render the article unsaleable in the ordinary

way of trading.

Mode of Packing and Addressing.—Samples must be sent in such a manner as to be easy of examination and, when practicable, must be sent in covers open at the end. The upper left-hand corner of the packet should be clearly marked "Sample." In view of the risk of other packets being entrapped when open covers are used, posters are reminded that "embarrasing" packets generally are prohibited from the post.

Packing is not obligatory for articles consisting of one piece, such as pieces of wood, metal, etc., which it is not the custom of the trade to pack. The address of the addressee must be indicated, as far as possible, on the packing or on the article itself. If the packing or the article is not suitable for the inscription of the address and service indications or for affixing the postage stamps, a tie-on label, preferably of parchment, must be securely attached. The same applies when the date-stamping is likely to injure the article. In order to secure the return of a packet which cannot be delivered, the name and address of the sender should be printed or written outside. It is permissible to indicate by hand or by a mechanical process, outside or inside the packet the name, position, profession, style, and address of the sender and of the addressee, as well as the date of dispatch, the signature, telephone number, telegraphic address and code, postal chequeor banking account of the sender, a manufacturer's or trade mark, numbers, prices and particulars relating to weight, measurement and size, or to the quantity to be disposed of, and such as are necessary to determine the origin and the character of the goods. A sample packet, for a country in the Postal Union may contain, besides these particulars, any printed papers; and, if the rate applicable to commercial papers be paid, it may also contain commercial papers.

Special Regulations as to Certain Articles.—Any liquid. oil, or substance which easily liquefies must be enclosed in a receptacle hermetically scaled; and the receptacle must be placed in a special box of metal, strong wood or strong corrugated cardboard containing sawdust or spongy material (not cotton) in sufficient quantity to absorb the liquid if the recep-

tacle becomes broken. The lid of the box must be fixed in such a manner that it cannot

essily become detached.

A fatty substance which does not easily liquefy, such as ointment, soft-soap, resin, etc., as well as silkworm eggs, the transmission of which presents fewer difficulties, must be enclosed in an inner cover (box, bag of linen or parchment, etc.), which must itself be placed in a second box of wood, metal, or stout thick leather.

A sample enclosed in a linen or paper envelope of little strength, must have a label, preferably of parchment, attached, with the address of the addressee, the postage stamp and the impression of the date-stamps. The address must be repeated on the article itself.

Any article, such as tinned food, which would be spoilt if packed in the manner prescribed may exceptionally be admitted in a cover hermetically sealed. In that case the sender or the addressee may be required to assist in the check of the contents, either by opening the packet or in some other satisfactory manner.

An article of glass or other fragile material must be securely packed (in a box of metal, wood, or strong corrugated cardboard) in such a way as to prevent all risk of injury to

other postal packets or to postal officers.

Dry colouring powder, such as aniline, etc., is not admitted unless enclosed in a stout tin box, placed inside a wooden box with sawdust between the two covers.

Dry non-colouring powder must be placed in a box of metal, wood, or cardboard the

box itself being enclosed in a bag of linen or parchment.

Live bees or leeches must be enclosed in a box so constructed as to avoid all danger

and to allow the contents to be ascertained.

Sharp instruments such as scissors, knives, razors, forks, steel pens, nails, watch machinery, metal tubing, pieces of metal or ore, are eligible for transmission by sample post, provided that they are bona-fide samples without saleable value, and are packed and guarded in so secure a manner as to involve no risk to the contents of the mail bags and to the officers of the Post Office, whilst at the same time they may be easily examined.

Special Regulations for Great Britain.—Samples liable to customs duty are ordinarily admitted into Great Britain when sent in quantities so small as to have practically no saleable value; but the importation of tobacco, cigars, cigarettes, etc., by sample post is prohibited, with the sole exception of packets of type samples of unmanufactured tobacco not exceeding six ounces in gross weight, which are delivered on payment of 3s. customs

(a) Spirits (except Perfumed Spirits) may be imported in packages each not exceeding 12 ounces gross weight and will be delivered on payment of duty at a flat rate of 3s. 6d.

each package, provided that each package is distinctly marked "Spirit (not perfumed)."

(b) Tea may be imported in packages each not exceeding 8 oz. gross weight, and if distinctly marked "Tea," will be delivered on payment of duty in accordance with the following scale :-

(i) If the weight of the sample is under 3 oz. gross or 1 oz. net.

If the gross weight of the sample is 3 oz. or more but does not exceed 8 oz.

Free of duty.

A flat rate of 1d. per package

(c) Tobacco. Type samples of unmanufactured tobacco, nor cigars, etc.\* may be imported in packages each not exceeding 6 ounces gross weight and, if distinctly marked "Type Samples of unmanufactured tobacco," will be delivered on payment of duty at the flat rate of 3s. 0d. each package.

(d) Wine may be imported in packages each not exceeding 12 ounces gross weight,

and such packages will, if distinctly marked "Wine," be delivered free of duty

(e) Raw Chicory, Raw Cocoa, Raw Coffee, Dried Fruit, Sugar and Sugar Confectionery may be imported in quantities not exceeding \frac{1}{2} lb. net weight per package, and such Packages, will, if distinctly marked with a description of the contents, be delivered free of duty. Not more than one sample of the same description of goods, unless of different brands, may be imported duty free in the same package, but samples of different descriptions of goods, or of different brands of the same description may be included in a single package within the stated limits as to maximum weight per package. The limit weight of ½ lb. for these articles should not be exceeded.

(f) "Small Packets": This class of mail is intended for the transmission to places abroad of small articles of merchandise, souvenirs, etc., including dutiable articles, except jewellery and money. (The rule restricting the transmission of jewellery and money

to registered letter mail or insured parcel-post mail remains unchanged.)

<sup>\*</sup>Cigars and cigarettes may only be sent to Great Britain by parcel-post or "small Packets" mail, but not by letter or sample mail.

The dimensions, make-up and method of closing are the same as for samples; i.e., a "small packet" may not be sealed or closed against inspection, and it may not contain any personal correspondence. The name and address of the sender must be shown on the outside of the packet, and each packet should be marked "Small Packet" in the left hand top corner.

The green label (Form C 1.) must be attached to each such packet. The countries to which "small packets" may be sent are indicated by the letter (c) (italicized) in Table,

pp. 54-64. The limit of weight of a "small packet" is 2 lbs.

Merchandize must not be sent to countries not so marked. See also Appendix C. (g) Parcel-Post Parcels. See pp. 42 to 51.

Prohibitions in the Regular Mails.

To all oversea countries.—(a) All articles excluded from transmission in the inland mails, as being in themselves, either from their form or nature, liable to destroy or injure the contents of the mail bags or the persons of those engaged in the Postal Service, are prohibited from transmission in the mails exchanged with foreign countries, as are also poisons, including opium, and other narcotics, or explosive and inflammable articles, and obscene books, pamphlets, etc.
(b) Samples, the number of which mailed to one addressee by the same sender shows

the evident intention of avoiding the collection of customs duties.

(c) Articles other than letters and single post cards which are wholly unpaid.

(d) Packages of samples of merchandise which contain live animals and insects except bees, silk worms, and leeches, and which have a saleable value.

For further details, consult British Post Office Guide, Col. 8, Table of Rates (letters)

and "Liste des objets interdits."

Special attention is directed to the fact that all articles prohibited from dispatch to Great Britain in parcel-post mail are also excluded from dispatch by letter-mail. (See "Liste des objets interdits," page 365, AI (b) also page 50 of this Guide for such prohibitions.)

See Restrictions below.

#### Restrictions.

Bank notes and currency notes, coin, postage stamps, bullion, precious stones, jewels, and other precious articles may only be sent by registered mail prepaid at the letter rate of postage. The following is a list of the principal countries which admit such articles in their registered letter mail:—Austria, Australia, Barbados, Belgium, Bermuda, Canada, Canal Zone, Ceylon, China, Cuba, Czechoslovakia, Danzig, Denmark, El Salvador, Fiji Islands, France, Germany, Gibraltar, Great Britain and Northern Ireland, Holland, India, Irish Free State, Japan, Luxemburg, Mexico, Newfoundland, New Zealand, Nigeria, Palestine, Paraguay, Philippine Islands, Poland, Puerto Rico, Rhodesia (N. and S.), Russia, St. Lucia, St. Vincent, South Africa, Switzerland, United States of America, and Virgin Islands, U.S.A.

Gold coin exceeding £5 in value may not be sent to Great Britain, India and

Nigeria.

Coin, jewellery, precious articles and banknotes, etc., should not be accepted for transmission by registered letter mail for any country not named in the above list.

Registration (Overseas.) †

Every letter or letter packet presented for registration must be made up in the manner prescribed at page 10 for inland letters or letter packets, and must not show any trace of having been opened and refastened before posting.

"Small packets," packets of printed papers, commercial papers and samples presented for registration must be made up in the manner prescribed for unregistered packets

of these categories.

Conditions of Registration —No postal packet addressed to initials or in pencil (except copying ink pencil) is admitted to registration.

Every letter presented for registration must be enclosed in a strong envelope securely fastened, preferably in one of the registration envelopes sold by the Post Office.

It is recommended that the name and address of the sender be written on the outside of every registered postal packet.

Registered packets must be prepaid as regards both postage and registration fee. Packets to be registered must be given to an officer of the Post Office, and a receipt obtained for them; they must on no account be dropped into a letter box.

\* See definition of term "jewellery," page 11, par. 12.

<sup>†</sup> Conditions governing registration of overseas correspondence differ from those governing inland correspondence. See page 10.

If it is proved to his satisfaction that a letter or packet duly admitted to registration has been entirely lost whilst in his custody the Postmaster undertakes to pay an indemnity of 50 francs, except in cases beyond control (e.g., tempest, shipwreck, earthquake and war). No compensation, however, is payable except in the case of the loss of the entire letter or packet; and no claim will be admitted if made more than a year after the letter or packet was nosted.

The Postal Administration of all countries and colonies included in the Postal Union give the same undertaking in respect of registered letters or packets lost whilst in their

custody.

If it is desired to obtain compensation in the case of abstraction of contents of a letter, or to provide for a higher maximum than 50 francs, recourse must be had to the insurance system. See "Insurance" below.

The fee chargeable for registration to places abroad is 2d.

Advice of Delivery.—The sender of registered or insured correspondence addressed to any foreign country or British Colony in the Postal Union, may obtain an acknowledgment of its receipt by the addressee on payment of an extra fee of 2d., in addition to other fees.

Insurance-Letters (only).

A letter for a place against which a limit of insured value is entered in column 3 of the Table of Rates on pages 51 to 52, can be insured, subject to the following provisions.

The letters to which the insurance system is applicable are those which contain valuable paper (bank notes, currency notes, bonds, coupons, securities, etc.), or valuable documents (plans, estimates, contracts, etc.). Such articles, if liable to Customs duty, may only be sent in insured letters to those countries which admit dutiable articles by letter post (see pages 35 and 54 to 64). Post-cards, packets of printed papers or commercial papers, sample packets or letters which contain articles other than those above-mentioned, such as coin, jewellery, etc., cannot be insured. An object of value which cannot be sent in an insured letter may generally be sent in an insured parcel. (See pp. 45-47.)

A letter intended for insurance must be presented at the counter of a Post Office. It cannot be posted at a railway station and must not be dropped into a letter box or

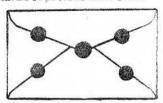

handed to a postman or mail cart driver.

Every letter tendered for insurance must be enclosed in a strong cover made up in one piece, which must be securely fastened by means of identical seals in fine wax with spaces between, reproducing a private mark, and affixed in sufficient number to hold down all the folds of the envelope. An envelope with a black or coloured border or a transparent panel must not be used. The make-up of every letter must be such that its contents cannot be got at without external and visible damage to the envelope or the seals.

Space must be left between the postage stamps used for prepayment, and between the postal labels, if any, so that they cannot serve to hide injuries to the envelope. They

must not be folded over the two sides of the envelope so as to cover the edge.

No labels may be affixed except those of the postal service. If the packet is tied round with string or tape, a seal must be placed on the ends where they are tied. The seals on an ordinary envelope should be placed as shown below:—

In the case of a long envelope with a seam down the centre, the seam should be secured with seals placed not more than three inches apart.

A letter which although addressed to a country or place to which the insurance system does not extend, has been irregularly insured, will be returned to the sender. Insured letters cannot be sent by all the routes available for ordinary letters, and therefore, may occupy a longer time in transit.

Insured articles have all the safeguards of the recistration system; and, subject to the following regulations, compensation will be paid if an insured article or any part of its

contents is lost or damaged in the post.

An insured article may not be addressed to initials or in pencil.

It may not bear any erasure or correction in the address at the time of posting.

A certificate of posting must always be obtained by the sender. Particulars of the amount for which the letter has been insured should be entered on the certificate, and the sender should at once satisfy himself that the entry is correct. He may obtain an advice of the delivery of an insured letter under the conditions shown at page 41.

All the seals on the insured letter must be of the same kind of wax, and must bear distinct impressions of the same private device. A coin may not be used for sealing; and the device may not consist merely of straight, crossed, or curved lines which could

readily be imitated.

If an article tendered for insurance does not, in the opinion of the officer of the Post Office to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it. Nevertheless, the onus of properly enclosing, packing, and sealing the packet lies upon the sender; and the Post Office assumes no liability for loss arising from defects which may not be observed at the time of posting.

The amount for which an article is insured must be written by the sender both in words and in figures, at the top of the address side of the cover, thus:—"Insured for fifteen pounds (£15)." No alteration or erasure of the inscription on the letter is

allowed.

No letter can be insured for more than the actual value of the contents and the packing or for more than the sum entered in the Table of Rates (pp. 54-63) against the name of the Country or Colony to which it is addressed; but it may be insured for part of its value. An injured letter containing documents of value on account of the cost of their preparation (e.g., plans, estimates, contracts, etc.), may not be insured for an amount exceeding the cost of replacing them in case of loss. Over-Insurance is an obstacle to compensation.

The sums payable for insurance, including registration, are as follows:--

Fee.	Limit of Compensation.	Fee Co	Limit of impensation.	Fee.	Limit of compensation.
s. d. 0 7 1 0 1 5 1 10 2 3 2 8 3 1 3 6 3 11 4 4 4 9	£ 112 224 336 48 60 72 84 96 108 120 132	s. d. 5 7 6 0 6 5 6 10 7 3 7 8 8 1 8 6 8 11 9 4	£ 156 168 180 192 204 216 228 240 252 264 276	s. d. 10 2 10 7 11 0 11 5 11 10 12 3 12 8 13 1 13 6 13 11 14 4	£ 288 300 312 324 336 348 360 372 384 396 400

Legal liability to give compensation in respect of any letter for which an insurance fee has been paid will not attach to the Postmaster for Jamaica either personally, or in his official capacity. The final decision upon all questions of compensation rests with the postal administration of the country in which the loss has taken place.

#### PARCEL POST.

A Parcel Post exchange exists between Jamaica and the countries against which parcel post rates of postage are shown in cols. 7 to 11, pages 54 to 63. Parcel post business is

transacted at all Post Offices.

The parcel mail for Great British. Northern Ireland and Irish Free State, United States of America, Bermuda, British Honduras, Canal Zone, Canada, Costa Rica, Panama, British West India Islands and British and Dutch Guiana (via Trinidad and Barbados), and the Bahama, Cayman and Turks Islands is forwarded by each available direct opportunity.

The parcel mail for Bolivia, Chile, Ecuador, Nicaragua, Peru, and Venezuela is forwarded via Panama, and for El Salvador, Guatemala, and Republic of Honduras via British.

Honduras.

Parcels for the majority of other countries are forwarded via London.

Postage, Dimensions and Weight-For postage, maximum dimensions and weights, and other particulars see Table of Rates of Postage, &c., pages 54 to 63.

Foreign (except to U.S.) \* and Colonial parcels cannot be registered, but they may be insured to certain countries under the conditions specified on page 48.

### General Regulations.

Customs Declaration and Disnatch note.

Parcels are subject to Customs Regulations. The sender of each parcel is required to make, for Customs purposes—upon a special form or forms, which can be obtained at any Post Office—an accurate statement of the nature and value of the contents and other particulars. The sender's name and full address must also be filled in. The forms should be filled in, in ink. Two forms of Customs declaration are in use-A yellow form (No. 741) intended to be affixed to the covers of parcels for British Colonies and Possessions, the United States of America, Canal Zone, and a few other countries; and a white form, which is used for parcels for all other foreign countries. † Several identical copies of the latter form must in many cases be made out. The number of white forms required is indicated by the figure after the letter W in col. 13, Table of Rates, pp. 54 to 63. When a white form is used the mender must also fill up a dispatch note. Under-valuation of the contents or failure to describe them fully may result in a seizure of the parcels, and in the case of parcels addressed to the United States of America in the imposition of heavy fines, which will not be remitted even if the parcels are returned to the senders. The net weight or quantity of the different kinds of articles contained in a parcel should be separately stated. Any other particulars should be given which would facilitate the assessment of Customs duty, such as the material of which clothing is composed, and whether it is new or not. In the case of articles returned to the country where they originated, the fact should be stated. Customs Declarations, instead of bearing entries of "Groceries," "Presents." etc., should bear entries giving a description and the weight of the following articles, when enclosed, viz.: sugar, sweets and confectionery, crystallized and imitation fruits and flowers, preserved ginger, jams, jellies, and marmalades, chocolate, cocoa powder, canned fruit, tea, coffee. In the case of dried fruit, the particular kind, figs, raisins, currants, etc., should be stated. For further particulars as to declarations, see note against the names of the various countries in the Table of Rates pp. 54 to 63 (col. 13).

Special attention is directed to the "Prohibitions" (Export and Import), pp. 49-51.

A Customs clearance fee of 6d. will be collected on every parcel-post parcel (whether it contains dutiable matter or not), and on every package (other than parcel post) which on examination is found to contain dutiable matter.

The postage on parcels must be wholly prepaid by postage stamps.

The Post Office Department will not be responsible for the loss or damage of any uninsured parcel. This rule is modified in case of parcels between the U.K. and Jamaica,

Each parcel must be plainly directed, such directions setting forth the name and full address of the person for whom the parcel is intended. A parcel must not be posted in a letter box but must be taken into a Post Office and presented at the counter to the Posimaster or person in charge.

A certificate of posting will be given to the person posting a parcel but no liability

attaches to the Post Office in respect thereof.

A parcel may not contain dangerous articles, perishable articles, articles likely to injure other parcels, or the officers of the Post Office, liquids, unless securely packed in proper cases and surrounded with absorbent material, or any contraband articles or substances. The rules for the mode of packing parcels containing liquids, oils, etc., as set out on pp. 38-39, must be strictly adhered in every detail. A parcel must not contain another parcel or other postal packet intended for delivery to a person other than the addressee of the first named parcel.

If on examination of any parcel there shall be found in or with the same any letter or communication of the nature of a letter such paper or communication will be withdrawn therefrom, and will be forwarded to the addressee thereof; or, if it be not addressed, to the addressee of the parcel in or with which the same was found enclosed, and the said letter will be surcharged for delivery at the unpaid rate of postage.

<sup>\*</sup>See pages 45-47. † The white forms are to be used for India.

Parcels redirected from one country to another will be charged a fresh postage at the

rate payable to the country of destination.

Parcels should be securely and substantially packed with due regard to length of journey, conditions of transit, climatic conditions, &c.; e.g., cardboard or ordinary brown paper is not in general sufficient packing for parcels sent to places abroad. Light and bulky articles should be packed in strong wooden cases. In some cases seals may be found necessary; if wax is used it should be of the special quality which will withstand a hot climate Parcels to U.S.A. may not be sealed.

Parcels containing coin, anything made of gold or silver or other precious articles cannot be forwarded to a country participating in the insurance scheme except the parcel is insured.

Parcels containing articles of an aggregate value exceeding £50 will not be accepted for transmission. This does not apply to insured parcels (for the limit of the value of which see pages 54 to 63, col. 6).

Parcels received at Jamaica from places over sea are, in terms of the Post Office Law, 51 of 1908, opened at the Head Office, Kingston, for the purpose of assessing the duty

on the contents.

Parcels are delivered in Kingston if addressed to a place within the house delivery limit by letter carrier; if beyond such limit, at the Parcel Post Office; in the country across the Post Office counter.

The amount of duty assessed on any such parcel must be paid before delivery, or before

the delivery of the parcel from the custody of the Post Office.

All complaints relating to Customs duty on parcels should be addressed to the Collector of Customs, Kingston, as the Post Office has no control in the matter of duty.

#### Customs Duties (Import)

An ad valorem duty is levied on the majority of articles imported into the island by the medium of the parcel post. The general rate of ad valorem duty is 20, 25, and 30% and the preferential rate is 15%. Shoes and articles of apparel from non-preference countries are also subject to a specific duty—shoes, 1/- to 3/6 per pair; apparel, 1/- to 12/- per doz. articles. The preference of 15% is given to goods which are the produce and manufacture of the following countries of the British Empire which is held to mean and include—the United Kingdom, the British Dominions, territories administered by or under the authority of a Dominion Government including territories administered under a Mandate, India, Southern Rhodesia, all Colonies and Protectorates, the Mandated territory of Tanganyika, the Cameroons under British Mandate, and Togoland under British Mandate.

Goods imported from the above named countries must be accompanied by a certificate of origin and of British manufacture, in order to secure the preferential rate of duty. If desired, the certificate may be enclosed in the parcel, and a note to this effect made on the Customs declaration. It must be distinctly understood that goods mailed by parcel post in any of the above named countries, which are not accompanied by the necessary certificate of British manufacture, will be assessed at the general 20, 25, 30% and not the preferential rate (15%) of duty. The following is the form of certificate of British manufacture required on parcels for Jamaica:—

"I, the undersigned, do hereby declare that, to the best of my knowledge and belief, the contents of this parcel are—

In addition to this tariff there is a specific or rated tariff which is levied on certainarticles, and also a list on which no duty is collected if the goods are from the countries named above and on which 5% duty is levied if otherwise; and an unreserved free list. For further information concerning rated, partially free, and wholly free articles reference should be made to a schedule of Customs Tariffs. In Appendix D a Table is provided showing duty levied on the majority of articles usually imported through the medium of the Parcel Post.

<sup>\*</sup> Insert name of part of British Empire.

## Duty Payable on Repairs, Etc.

Articles of any description may be sent away from the island and re-admitted on payment of the duty on the cost, if any, of repairs, dyeing or cleaning, or other alteration or adjustment, on the following conditions being complied with —

1. The exporter shall furnish the chief officer of Customs with notice, and with a sufficient description in writing of the articles it is intended to send away, and if the chief officer of Customs shall think it expedient, the article shall then be inspected by and

shipped under the supervision of the proper officer of Customs.

2. On the return of the article so exported, or on the return of an article not so exported but in respect of which it shall be established to the satisfaction of the chief officer that it is an article which had been exported from this island, such article may be delivered upon the passing of the necessary entries, and payment of duty, on the cost of repair, etc. if any, which must be verified by the production of an account or in some other way to the satisfaction of the chief officer provided in every case that the identity of the article is established to the satisfaction of the chief officer.

3. The parcel post being in the majority of cases the medium through which articles are returned to the island, Collectors at outports must furnish to the Collector of Customs at Kingston a list of articles sent away to be returned as well as the description of any articles which have undergone examination before being sent away in order that such description may be recorded in a register kept at the Post Office with a view to the identification and admission duty free, or on payment of the duty on the cost of repairs, etc..

if any, on their return to this island.

#### Refund of Duty.

Goods, wares and merchandise upon which any duty under Law 4 of 1925, shall have been paid, on its being proved to the satisfaction of the proper officer of Customs that a mistake has been made and that such goods are not the goods ordered by the importer and that such goods have been returned to the exporter, if duly exported within three months of their first importation, shall receive a drawback of the full duties paid on importation. Application for refund of duty should be made on the form provided for the purpose, which may be had from the Postmaster or Collector.

Applications for refund of duty must be accompanied by that portion of the cover which

bears the address, the duty label and the declaration.

### Special Regulations (1). Insurance of Parcels.

Parcels for places against which a limit of insured value is entered in column 6 in the

Table of Rates on pages 54 to 63 can be insured.

Insured articles have all the safeguards of the registration system; and, subject to the following regulations, compensation will be paid if an insured article or any part of its contents is lost or damaged in the post.

An insured article may not be addressed to initials or in pencil.

It may not bear any erasure or correction in the address at the time of posting.

A certificate of posting must always be obtained by the sender. Particulars of the amount for which the parcel has been insured should be entered on the certificate, and the sender should at once satisfy himself that the entry is correct. He may obtain an advice of the delivery of an insured parcel, under the conditions shown at page 41.

All the seals on an insured parcel must be of the same kind of wax (or lead or steel in the case of parcels), and must bear distinct impressions of the same private device. A coin may not be used for sealing; and the device may not consist merely of straight, crossed, or curved lines which could readily be imitated. Each joint or loose flap of the covering of a parcel must be sealed; and, if string be used in packing, a seal must be placed on the ends of the string where they are tied.

If an article tendered for insurance does not, in the opinion of the officer of the Post Office to whom it is tendered, fulfil the foregoing conditions as to packing and sealing, it is his duty to refuse to insure it. Nevertheless, the onus of properly enclosing, packing, and sealing the packet lies upon the sender: and the Post Office assumes no liability for loss

arising from defects which may not be observed at the time of posting.

The amount for which an article is insured must be written by the sender both in words and in figures, at the top of the address side of the cover, thus:—"Insured for fifteen pounds (£15)." The amount must also be entered in the appropriate space on the despatch note, if one is used. No alteration or erasure of the inscription on the letter or parcel or on the despatch note is allowed. If the amount is entered on the despatch note in the wrong place, a fresh despatch note must be prepared.

No parcel can be insured for more than the actual value of the contents and the packing for more than the sum entered in the Table of Rates (pp. 54 to 63, cel. 6) against the name of the Country or Colony to which it is addressed; but it may be insured for

part of its value.

A parcel containing coin or bullion or jewellery (see footnote\*) cannot be sent to any Foreign Country or British Possession included in the insurance system unless it is insured for as much of the journey as the regulations permit, and for at least part of its value. Every such parcel must be enclosed in a strong box or case (measuring, if the contents are jewellery exceeding £100 in value, at least 3 feet 6 inches in length and girth combined), must be sewn up, or otherwise fastened in a wrapper of linen, canvas, strong paper, or other substantial material, and must have the address written on its actual covering. The seals must be placed along the edges of each joint or loose flap at distances of not more than three inches apart.

Special attention is directed to the fact that coins of a value higher than £5 (except with a declaration indicating that they are intended to serve as ornaments), gold in ingott of a value higher than £5, and silver in ingots or silver partially worked of a value higher than £20 may not be sent to Great Britain or to any country via Great Britain by Parcel-post Mail under any circumstances. See "Prohibitions,"

page 51.

No legal liability to pay compensation in respect of any packet for which an insurance fee has been paid attaches to the Pestmaster General, either personally or in his official capacity. Subject, however, to the conditions set out below, the Postmaster-General pays to the sender compensation for the loss or damage of an insured packet or its contents, when it is clearly established that the loss or damage has occurred while the

packet was in the custody of the British Post Office.

On the transfer of an insured packet to another administration, the responsibility of the British Post Office ceases; and, although the Postmaster-General endeavours to obtain compensation for the sender under similar conditions from the Administration concerned, it should be clearly understood that the final decision upon all questions of compensation rests with the Postal Administration of the country in which the loss or damage has occurred.

Compensation will not exceed the value of the article lost or the amount of the damage sustained and indirect loss or loss of profits will not be taken into consideration.

In any claim for damage or loss of contents, the packet should be retained for inspection as nearly as possible in the condition in which it was delivered.

The sender of a parcel may waive his claim in favour of the addressee.

No compensation will be paid in respect of:-

(1) any packet containing a prohibited article;

(2) any packet which has been duly delivered and accepted without reserve;

(3) any damage or loss caused by the fault or negligence of the sender, such as failure to provide adequate packing, having regard to the nature of the contents;

(4) any damage to an exceptionally fragile article which from its nature cannot

reasonably be expected to travel safely by post;

(5) any parcel containing jewellery exceeding £100 in value not packed in

accordance with the special regulations;

(6) any parcel containing an article of a type specified in British Post Office Guide (col. 6, "Imperial and Foreign Parcel Post") as one for which compensation will not be paid; or

(7) any packet in respect of which a claim is not made within a year of the date

of posting;

nor does it follow as a matter of course that compensation will be paid when damage or loss arises from tempest, shipwreck, earthquake, war, or any other cause beyond control

\*The term "iewellery" means and includes-

(b) Diamonds and precious stones;

 (c) Watches, the cases of which are entirely or mainly composed of gold, silver or platinum; and

(d) Any article of a like nature which, apart from workmanship, has an intrinsic or marketable value.

<sup>(</sup>a) Gold, silver, or platinum in a manufactured state; that is to say, a state in which value is added to the raw material by skilled workmanship; and in this definition are included any coins used or designed for the purposes of ornament;

or when the Post Office cannot account for a packet in consequence of the destruction of official documents from any such cause.

The fee must be prepaid, in addition to the full postage, by means of postage stamps,

which the sender must affix to the cover.

As few stamps as possible should be used to prepay the postage and insurance fee. They may not be folded over the edge of the cover; and, when several stamps are used, they must be affixed with spaces between them.

When an insured parcel is redirected from one country to another, a further insurance fee b comes payable for each such transmission. If the fees are not prepaid they are collected

f.om the addressee on delivery.

# Special Regulations:-- II. Great Britain,

A.—Cash on Delivery System. A Cash on Delivery System of parcels is in existence between this Colony and Great Britain.

Parcels up to the value of £40 each may be sent either way, and the value collected from

the addressee, and remitted to the sender.

In addition to the 6d. Customs clearance fee, a further service fee of 3d. is collected

on each C. O. D. parcel.

A Cash on Delivery parcel may only be retained at the office of destination for 15 days from the date of arrival, after which if unclaimed it is forthwith returned to origin. This fact is emphasized because certain firms abroad represent that C.O.D. parcels are retained for a longer period before being returned. Requests for longer detentions will not be entertained, nor will part payment be accepted from the addressee; the full amount of duty, trade charges, and all other fees must be remitted to the head office before the parcel can be forwarded.

B.—Prepayment of Customs Duties and other charges on Parcels Post Parcels to Great Britain. Persons sending parcels to Great Britain may, if they so desire, take upon themselves the prepayment of the Customs duty and other charges which in ordinary cases are leviable on the addressee. The sender will be told at the time of posting what the approximate amount of these charges will be and a deposit will be taken of the estimated amount. A settlement will subsequently be made when a statement of the total amount of the charges has been received from the British Post Office. The following are the conditions:—

Parcels to be sent under this arrangement must be handed in at the Parcels Post

Branch at Kingston, or at any district post office.

The cover must be marked by the sender "To be delivered free of charge."

The sender must fill up and sign a formal undertaking to pay on demand the amount of the charges due. Forms for this declaration may be had on application to the Parcel Post Branch at Kingston.

Parcels for free delivery will only be accepted from persons whose settled residence is in Jamaica. If the sender is residing only temporarily in Jamaica a parcel cannot be

accepted for delivery free of charge.

A fee of 1s, per parcel is charged for the cost of the service in addition to the postage and deposit for duty. If the parcel prove duty-free in Great Britain the sum of 1s, will be refunded to the sender.

The sender must make such deposit on account of the charges for which he desires to provide as the clerk in charge of the Parcel Post Branch at Kingston or the district

postmaster may, in each case, decide.

One form of undertaking will suffice for two or three (but not more) parcels posted together by the same sender to the same addressee. In such cases the fee will be 1s. for each parcel.

The following are the articles liable to duty under the British Tariff which are likely to be despatched from Jamaica by parcels post, together with the rates of duty, (and in the case of tobacco, of certain fines) thereon. These rates are subject to considerable change and should be read as approximate:—

Parcels will be accepted in Great Britain for delivery in Jamaica free of Customs duty on conditions similar to the foregoing. Such parcels are liable to examination on arrival for Customs purposes, and all pains and penalties attaching for undervaluation or misrepresentation of contents or to prohibited goods will be enforced against the goods themselves or against the parties assuming the charge, as may be decided by the proper

authorities.

C.—Compensation for loss or damage of uninsured parcels between Great Britain and Jamaica. The Postmaster for Jamaica will (not in consequence of any legal liability, but voluntarily, and as an act of grace) give compensation for the loss or damage of uninsured parcels sent by parcel post between Great Britain and Jamaica, when such loss or damage takes place while the parcels are in his custody, and does not arise from any fault or neglect of the senders or from the nature of the contents.

The compensation paid will in no case exceed £1.

The compensation payable will be in accordance with the general regulations as regards

insured parcels (see above), so far as these regulations are applicable.

D .- Undelivered Parcels. Undelivered parcels originating in Great Britain are returned to the senders at their expense unless the sender has indicated by a note on the parcel that he wishes it to be abandoned in the case of non-delivery. The sender may also direct that a parcel, if undeliverable at the first address, may be delivered at a second address. If not delivered at the second address parcels will be dealt with as above stated. They are held for 15 days for each address before being disposed of.

For Prohibitions, see page 46, 50 and 51.

#### III.—United States of America and the Canal Zone.

Cigars and cigarettes are admitted to the United States through the parcel post on condition that cigars weighing more than 3 pounds per thousand are put up in boxes (new) not before used for that purpose, containing respectively, 3, 5, 7, 10, 12, 13, 20, 25, 50, 100, 200, 250, or 500 cigars each; and that cigarettes (including small cigars weighing not more than 3 pounds per thousand) are put up in packages or parcels containing 5, 8, 10, 12, 15, 20, 24, 40, 50, 80, or 100 cigarettes each.

Letters, post cards and written matter of the nature of personal correspondence must

not be enclosed in a parcel.
If such be found the letter will be placed in the mails, if separable; and, if the letter be inseparably attached, the whole package will be rejected. If, however, any such should inadvertently be forwarded, the country of destination will collect double rate of postage.

A parcel may not contain any other parcel intended for delivery at an address other than that borne by the parcel itself. If such enclosed parcel be detected it must be sent forward singly, charged with new and distinct parcel post rates.

A parcel for United States and Canal Zone may be registered on like conditions to those that govern the registration of other correspondence; and on payment of the sum of two pence additional to the first charge, the sender can obtain a receipt for such parcel from the addressee, but parcels for the United States and the Canal Zone may not be insured.

Parcels must be so carefully packed as to be safely transmitted in the mails of either country, both in going to the Post Office of exchange of the country of origin, as well as to the office of address of the country of destination. Parcels may be sealed or fastened by means of nails and screws.

There is collected from the addressee at time of delivery of every parcel post package a delivery fee of 5 cents and a customs clearance charge of 10 cents in addition to any

other charges accrued.

If more than one parcel is sent at one time to one addressee, the sender should number the parcels consecutively and should indicate on each parcel the number of parcels forming the consignment. For instance, if the consignment consists of three parcels, the parcels should be numbered "1/3," "2/3," "3/3," respectively. If the value of the goods (exclusive of papers such as stocks, bonds, etc., of no commercial value) contained in a parcel

or in several parcels sent at the same time by one sender to the same addressee exceeds 100 dollars, an invoice certified by a United States Consul should be furnished. This invoice should be enclosed in the relative parcel, the Customs Declaration being noted "Consular Invoice enclosed." When the Consular Invoice relates to more parcels than one, it should be enclosed in parcel No. 1, the Customs Declaration being noted accordingly. The Customs Declarations or covers of the remaining parcels should be marked "Consular Invoice in parcel No. 1." If the sender prefers, however, the Consular Invoice may be sent separately to the addressee, the relative Customs Declaration being suitably noted. When the Consular Invoice is enclosed no other invoice or statement of value need be furnished. If the Consular Invoice is sent separately to the addressee, commercial invoice should be enclosed in the parcel.

If a parcel cannot be delivered as addressed, within 30 days of its receipt, or is refused, it will forthwith be returned to the senders, who must pay at the office of origin an

amount equal to the postage originally paid thereon.

Any request that a parcel may be readdressed or returned must be accompanied by

the amount of postage at the original rate for its further prepayment.

The Post Office Department will not be responsible for the loss or damage of any package; and no indemnity can consequently be claimed by the sender or addressee in either country.

Payment of Customs duty cannot be undertaken by the sender.

The limit of weight of parcels is 11 lbs.

For prohibitions, see page 51.

#### IV.-Canada.

The regulations governing the Parcels Post exchange with Canada are identical with those of U.S.A., with the following exceptions:—

There is no prohibition or limitation of the numbers of cigars or cigarettes which may be exported.

Parcels for Canada can be insured.

Unclaimed or refused parcels are dealt with in the same manner as parcels from the United Kingdom.

Parcels weighing up to 20 lbs, are accepted.

#### V.-West India Islands and the Guianas.

Parcels for Antigua, Barbados, Dominica, Grenada, Montserrat, St. Kitts-Nevis, St. Lucia, St. Vincent, Trinidad and British and Dutch Guiana are forwarded by steamers of the Aluminum Line calling at Barbados, Trinidad and British Guiana maintaining a fortnight service.

#### General Prohibitions.

The transmission of any letter whatsoever, no matter to whom addressed, in parcel for the majority of countries is forbidden. The few exceptions to this rule can be ascertained by reference to the latest edition of the British Postal Guide. If any letter or communication of the nature of personal correspondence be found in a parcel, and it can be separated therefrom, it will be forwarded to its destination surcharged at unpaid letter rates. But if such letter, &c., can not be separated, the whole parcel will be liable to unpaid letter rates of postage.

Plants are not in ordinary conditions admitted into most of the countries of Europe, for fear that phylloxera may be introduced with them. There are, however, special conditions in which parcels of plants (except vines) are admitted into some of these countries. The chief conditions are that the plants must be packed securely, but in such a way that they can be easily examined, and must be accompanied by a declaration of the sender attested by some competent authority, that there has been no vine in or near the ground

from which the plants come.

A parcel may not contain any explosive, inflammable or dangerous or perishable articles, any articles likely to injure another parcel, any liquid (unless securely packed in a proper

case as described on pp. 38, 39.)

Attention is specially directed to the fact that many articles which are prohibited from importation, by percel-post mail, into Great Britain (see below) may not be sent in transit through the British Post Office, even though the country of destination itself does not prohibit its importation. (See "Liste des objets interdire," p. 373 B II. for details.)

# MONEY ORDERS.

Money Orders are issued at the Head Office, Kingston, and at the Post Offices of the capital of each parish. Applications for money orders addressed to the Postmaster for Jamaica or to a Postmaster are free of postage. (The registration fee of 2d. must, however, be prepaid.)

The commission on money orders drawn on \*Great Britain, (including Northern Ireland), United States of America, Canal Zone, Canada and Newfoundland, and any other country except those named in the following sentence is sixpence for the first £ and threepence for each additional £ or fractional part. The commission on Money Orders drawn on \*Trinidad, \*Barbados, \*British Guiana, \*Windward and \*Leeward Islands, \*Turks Island, \*Cayman Islands, \*Bermuda, \*Bahamas, and \*British Honduras, is sixpence for first £2 and two pence for each additional £ or fractional part.

The limit amount for money orders drawn on Great Britain, Barbados, Trinidad, British Guiana, the Windward Islands, the Leeward Islands, British Honduras, Bermuda, Bahamas, Turks Island and Cayman Islands is £40, and on United States of America, Canada, Newfoundland, Canal Zone and Philippine Islands, \$100.

No application can be entertained for compensation for alleged in jury from the non-payment of a money order at the expected time. When a money order is applied for it must be on the clear understanding that no such claim will be allowed, and that the Post Office is not liable, under any circumstances, to more than one payment of a money order, even when, notwithstanding the precautions that are taken, the order has been paid to a person not entitled to receive the money.

Re-payment to the remitter of a money order cannot be made until the chief office of the paying country has been communicated with.

A Through Money Order Exchange also exists between Jamaica and certain British colonies and foreign countries via the United Kingdom. Such through money orders are subject on payment to a deduction of two pence for each £1 with a minimum charge of four-pence. The full name and address of the payee of a through money order must be given to enable the Chief Money Order Office, London, to forward to the payee a money order for the net amount payable, the money order issued to the remitter being only of value as a receipt for the amount paid and should be retained by the remitter.

<sup>\*</sup> British Postal Orders are also issued and paid in these countries, see "Postal Orders," page 66.

at the "deferred" rate (1/2) per word. Every word in the telegram has to be paid for; in the case of a "deferred" telegram, the instruction "L.C.O." is charged as one word, and the word "Postmaster" has also to be sent in every case and must be paid for. Further details may be had from the Chief M.O. Office, Kingston.

# POSTAL ORDERS.

Amounts of poundage.—Postal Orders are sold and cashed at all Post Offices in Jamaica, and in the countries marked with an asterisk (\*) above, which include the greater portion of the British Empire, except Australia. These orders are printed on a paper bearing an "all-over" watermark consisting of the Royal Cipher—a crown and the letters G. v.R., and they measure slightly less than 7 in. in length.

Postage Stamps Affixed to Postal Orders.—The sender of a postal order, whether made payable in the United Kingdom or elsewhere (excepting Canada), may increase its value by an amount not exceeding 5d. by affixing postage stamps not exceeding two in number to the face of the order. No credit will be given for stamps which are in excess of two or which are affixed elsewhere than in the spaces provided. Odd half-pence will not be paid. Stamps perforated with initials or marks, or embossed or impressed stamps cut out of envelopes, post cards, &c., cannot be accepted for this purpose.

The value of the postage stamps of those Colonies, etc., which do not use Sterling currency is given in the following list.

Period during which Orders are payable.—If an order be not paid within six months rom the last day of the month of issue, a commission equal to the original poundage will be charged. The commission thus paid must be affixed in postage stamps to the

back of the order. Postal orders which are not presented for payment within six months from the last day of the month of issue are not paid until reference has been made to the Postmaster for Jamaica.

Filling in of Order.—The purchaser of a postal order must, before parting with it. fill in the name of the person to whom the amount is to be paid, and is recommended to fill in the name of the office of payment as a precaution in case the order should be lost or stolen. If the purchaser does not know which Post Office is most convenient to the pavee, he should insert the name of the town, village or district where the payee resides. The order will then be paid at any Post Office in the place named.

Counterfoils.—Every person to whom a postal order is issued should tear off and retain the counterfoil. Its production will facilitate inquiry if the order should be lost.

Miscarriage or loss.-The Postmaster cannot undertake to consider any application respecting a postal order which has miscarried, or which has been lost or destroyed. unless the counterfoil be produced; and unless proof be given to his satisfaction that the name of the payee was inserted in the order before the holder parted with it.

After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster will not be liable to any further claim.

Payment to the public.—Before a postal order is paid the name of the payee and the name of the office of payment must have been filled in and the order must be properly receipted.

Payment through Bankers.--If a postal order be crossed, payment will only be made through a bank; and if the name of a bank be added, payment will only be made through that bank.

Repayment to sender .- The sender of a postal order can obtain repayment of the amount (but not the poundage) on presenting the order and the counterfoil at the issuing office. If the order has been crossed for payment through a bank the sender must first cancel the crossing by writing across the face of the order the words "Please pay cash" and adding his initials.

Erasures, alterations, &c.-If any erasure or alteration is made, or if the order is cut. defaced, or mutilated, payment may be refused.

Postal Orders not negotiable.—Postal orders do not, like Bank of England notes, represent value in themselves. If an order is lost or stolen no person into whose hands it may fall, though himself innocent, is entitled to receive the amount of the order. The rightful owner is alone entitled to cash the order.

#### REPLY COUPONS.

International Reply Coupons are sold at the Money Order Office, Kingston, at 4d. each, and Imperial Reply Coupons at 21d. each. The former represent the postage on a single-rate letter mailed in any country of the Postal Union, and the latter the postage on a single-rate letter mailed in any country of the British Empire. Coupons are cashed at the rate of 21d. for a 50-centime, and 11d. for an Imperial coupon.

#### TRAIN POST OFFICE SERVICE.

Limited train Post Offices are maintained on the through line between Kingston and Montego Bay and Port Antonio where postage stamps, etc., may be bought and belegraph forms obtained.

#### REDIRECTION OF CORRESPONDENCE.

The Post Office only undertakes to redirect when the letters or other postal packets cannot be redirected at the place of address. It does not, for example, redirect postal packets addressed to a person who has temporarily left his house, unless the house be left uninhabited; or addressed to alubs, hotels, boarding houses, or lodgings; or delivered through a private letter box.

Notices of removal and applications for redirection must be signed by the persons to whom the packets to be redirected are addressed. Separate notices must be filled up if it is desired that parcels should be redirected.

A notice of removal holds good for three months.

The Department does not undertake to divert, at the General Post Office, letters addressed to one Post Office to another Post Office in the island. An effort will, however, be made, as far as the exigencies of the Service allow, to serve the public by delivering in Kingston letters addressed to a district Post Office or by directing them from one office to another.

#### APPLICATIONS FOR RECALL OF LETTERS.

No letter, parcel or other postal packet can, when once it has been posted in a Post Office receptacle or accepted for transmission at a Post Office, be taken out of the post, even if application be made for it by a person who can prove that he is the sender, without the authority of the Governor. Nor can it be detained or delayed at the sender's request; it must be forwarded to its address and cannot be diverted to any other address.

#### PRIVATE LETTER BOXES AND BAGS

Private letter boxes, available for the subscribers' use from 7 a.m. till 5.30 p.m. on week days (and also for two or three hours in Kingston after the arrival of important oversea mails) may be rented for 12s, a year at the Post Offices of Kingston, Port Antonio, Montego Bay and Mandeville. Letters addressed to the house address of a person renting a letter box will be delivered as addressed. Only letters specifically addressed to the letter box or business address of the renter of the box will be assorted in the box.

Private bags.—By permission of the Postmaster for Jamaica any person may have his letters conveyed by his bearer to and from the Post Office in a private bag upon payment of an annual fee of one guinea, the bag to be locked, one key being kept by the Post-

master and one by the owner of the bag; the bag to be provided by the owner.

When a private letter bag is conveyed by a mail contractor a further annual fee of one guinea is to be paid. These fees must be paid in advance through the Postmaster or Jamaica.

#### POSTE RESTANTE.

The Poste Restante or General Delivery is intended solely for the accommodation of strangers and travellers and even they may not use it for more than three months.

Letters addressed to initials, or to fictitious names, or to a christian name without a surname are not taken in at the Poste Restante, but are treated as undelivered and returned to senders.

In addition, the Jamaica Government Railway with a compliment of 48 Telegraph

address by first post.

b. If a letter marked "On Post Office Telegraph Business" be sent by post to the telegraph clerk at any station the message enclosed will be promptly forwarded by telegraph from sulch station. In this case the letter by post must be registered and the cost of the message enclosed in stamps or coin. Telegrams may also be handed to a mail courier on his way to a telegraph office, but the department does not take any liability for

No charge will be made in either case for postage or registration.

Telegrams may be sent to any port for outward transmission as letters. The senders must write "By Post" before addressee's name, and the name of the terminal Telegraph Office at the end of the address.

"By Post" Brown, 12 Fifth Avenue, New York, Kingston."

In addition to the ordinary telegraph charge the sender must also pay the postage fee. In such cases registered addresses cannot be used.
